Profile Summary

Experienced Backend Developer with over 6 years of hands-on expertise in designing and developing scalable, high-performance web applications using Node.js, Express.js, NestJS, PHP, Laravel, and Lumen. Proficient in building RESTful APIs, implementing microservices architecture, and integrating with cloud platforms like AWS (EC2, S3, Lambda, SQS). Strong background in MongoDB, MySQL, and Redis, with proven ability to optimize backend performance, ensure API security using JWT and OAuth2, and manage CI/CD pipelines using Jenkins and Git. Experienced in agile environments, leading end-to-end project development from requirement analysis to deployment. Actively seeking new opportunities to contribute to innovative, fast-paced product teams.

Skills

JavaScript | TypeScript | Node.js | NestJS | Express.js | MongoDB | Mongoose | MySQL | PostgreSQL | Redis | RabbitMQ | Apache Kafka | Microservices | REST APIs | JWT (JSON Web Tokens) | OAuth2 | Passport.js | API Documentation | Swagger | Postman | Docker | AWS (EC2, S3, SES, RDS, SNS, SQS, Route53) | CI/CD | Jenkins | Unit Testing | Mocha | Chai | Jest | Git | GitHub | GitLab | Agile/Scrum | JSON | PHP | Laravel | Lumen

Other Skills

Asana | JIRA | Jest | AWS (Amazon Web Services)

Notable Projects

https://ourshopee.com

- Since our inception in 2015, Ourshopee.com has blossomed into one of the leading and fastest-growing online shopping platforms, capturing hearts across the UAE, Oman, Qatar, Kuwait, Bahrain, and KSA.
- Tech Stack: Node.js, JavaScript, Elastic Search, MySQL, AWS, Laravel and ReactJS, CI/CD, Git and Bull Queue.
- Supported Platform: Web/App.
- Contribution: Developed the platform from inception, focusing on API development and database architecture.

https://aurumwisex.com

- WiseX is India's premier Neo-realty investment platform, developed by Aurum, offering innovative real estate investment solutions.
- Tech Stack: Node.js, JavaScript, MongoDB, AWS, Laravel and ReactJS, Docker, Jenkins, Git and Kafka.
- Supported Platform: Web.
- Contribution: Developed the platform from inception, focusing on API development and database architecture.

https://hamleys.in

- Shop for premium games & toys for kids online at Hamleys India, the finest toy store in the world. Avail great offers & deals.
- Tech Stack: Node.js, JavaScript, Laravel, Vue.js, Docker and AWS.
- Supported Platform: Web and Mobile.
- Contribution: Gathered requirements from clients, Designed scalable APIs and integrated them with the frontend for web and mobile platforms.

Professional Experience

Software Developer

Ourshopee Pvt Ltd

May 2025 - Till Date

Ourshopee is a leading Marketplace platform in the Middle East, offering a wide range of products and services.

Responsibilities

- Engineered high-performance web applications using Node.js, Fastify, Elastic Search and MySQL.
- Optimized application performance by refactoring code, improving data handling, and managing resources efficiently.
- Integrated Tamara, Tabby, Apple Pay to payment

Software Developer

AurumWiseX Pvt Ltd

Aug 2023 - Oct 2024

WiseX is India's First & Largest Neo-realty investment platform by Aurum PropTech.

Responsibilities

- Engineered high-performance web applications using Node.js, Laravel, Lumen, and MySQL.
- Optimized application performance by refactoring code, improving data handling, and managing resources efficiently.
- Integrated Razorpay Smart Collect to automate payment collections via virtual accounts and UPI IDs.
- Built and maintained scalable microservices for seamless performance in a high-traffic environment.

Software Developer

GreenHonchos Pvt. Ltd.

Dec 2020 - Jul 2023

https://swoopos.com

- SWOOPOS is an innovative mobile point-of-sale system that connects businesses directly to customers for easier, faster, and more rewarding transactions.
- Tech Stack: Laravel, Docker, HTML, CSS, MongoDB, GitLab.
- Supported Platform: Web and Mobile.
- Contribution: Developed secure APIs and extensive documentation for a mobile point-of-sale system.

https://tumi.in

- TUMI India presents multifunctional and innovative products. Shop for backpacks, luggage, bags, suitcases, soft trolleys, hard trolleys, and travel accessories.
- Tech Stack: Microservices, Node.js, JavaScript, Laravel, Lumen, Next.js.
- Supported Platform: Web and Mobile.
- Contribution: Architected and implemented APIs for the platform, ensuring seamless integration across web and mobile.

https://hunkemoller.in

- Hunkemoller is one of the largest lingerie specialists from Europe. The collection from Hunkemoller is designed by the in-house team and the products are fully crafted.
- Tech Stack: Microservices, Node.js, JavaScript, Laravel, Lumen, Next.js.
- Supported Platform: Web and Mobile.
- Contribution: Architected and implemented APIs and database schema for a cutting-edge platform from inception.

https://manishmalhotra.in

- Celebrated for visionary designs merging traditional opulence with contemporary chic, defining global fashion with iconic couture and ready-to-wear.
- Tech Stack: Node.js, JavaScript, Laravel, Lumen, Next.js, AWS Route53.
- Supported Platform: Web and Mobile.
- Contribution: Spearheaded the end-to-end development of APIs and database architecture for a high-impact project.

https://www.ritukumar.com

- Shop Ritu Kumar's collection of anarkali suits, dresses, kurtis, and more for women.
- Tech Stack: Node.js, JavaScript, Laravel, Lumen, Next.js, AWS Route53.
- Supported Platform: Web and Mobile.
- Contribution: Designed and executed APIs and database schema, driving the project's architecture from the ground up.

Education

Bachelor of Computer Applications

Jamia Hamdard University, Delhi

2012 - 2015

Senior Secondary Education

QIC, U.P.

2010 - 2012

GreenHonchos is a full-stack D2C enabler, an ecommerce agency that provides end-to-end ecommerce solutions for D2C brands including digital branding.

Responsibilities

- Led client meetings to gather requirements and oversee the development process from planning to delivery.
- Led the team in planning, development, and execution to achieve project goals.
- Spearheaded the development of REST APIs and high-performance applications for e-commerce platforms.
- Integrated security measures such as encryption, secure coding practices, and access controls.

Sr. Software Developer

PS QuickIT

Aug 2019 - Dec 2020

Responsibilities

- Designed and developed APIs for high-traffic e-commerce websites.
- Collaborated with cross-functional teams to optimize application performance and security.

Software Developer

Lexx Digital

Oct 2018 - Aug 2019

Responsibilities

- Built APIs for mobile and web applications, focusing on security and scalability.
